- **Senior Level:**

This category is open for all students who are pursuing third-year or final-year of any undergraduate degree/course.

ROUNDS IN PRADNYA

Wildcard Round:

- The wildcard round is open to both junior and senior teams, and the top 5 teams from each category will enter directly into the programming round (Round 2).
- This round will be conducted online, and it will be conducted one week before March 20th. The exact date of the round will be conveyed to the teams via email.
- The wildcard round will include programming questions where the participants can code using any programming language of their preference.
- Teams that clear the wildcard round are exempted from participating in the MCQ round(Round 1).

Round 1: MCQ Round

- The first round is the MCQ-based round where the participants will be given a mix of multiple choice and short answer questions.
- The contestants who successfully clear this round will qualify for the second round.
- Note:-
- All students whose colleges are located within the Pune District are strictly required to attend this round in person at the PICT Campus on March 20th. For students residing outside of Pune District, there is an option to take the round in hybrid mode.

ROUNDS IN PRADNYA

Round 2: Programming Round

- Contestants clearing the MCQ-based round, and wild card winners are eligible for the Programming contest.
- Limited coding problem statements are allotted to each level i.e. Junior and Senior level.
- The programming prowess of the participants is tested in this round with a series of mind-boggling problems designed to test their efficiency and capability.
- Note:-
- All students whose colleges are located within the Pune District are strictly required to attend this round in person at the PICT Campus on March 21st. For students residing outside of Pune District, there is an option to take the round in hybrid mode.

Round 3 : Judging Round

- In the final round, the top 5 teams qualifying Round 2 will enter the Judging Round.
- Esteemed industry professionals are invited to serve as judges for this stage of the competition.
- During the Judging Round, the judges will evaluate the five teams based on their solutions from Round 2.
- The judges will then select the top three winning teams from each category.

Note:

All students whose colleges are located within the Pune District are strictly required to attend this round in person at the PICT Campus on March 20st. For students residing outside of Pune District, there is an option to take the round in hybrid mode.
